JENESYS^{2.0}

Application Guidelines for JENESYS^{2.0}

Social Community

Course: Disaster Prevention for Thailand

(The Short-term Invitation Programme for ASEAN Member States,
Australia, New Zealand, India and Timor-Leste)

1. Overview

JENESYS^{2.0} is a youth exchange programme launched by the government of Japan, aims to nurture friendship between Japan and invited countries as well as to revitalize the Japanese economy, through introduction of Japan's attractions to foreign tourists and consumers by promoting international understanding on the nation's potential strength, allure and values, including the "Cool Japan" concept. As a succeeding version of the JENESYS project which was implemented from 2007 to 2011, the project expects to invite over 30,000 youths from countries/regions of Asia, Pacific Islands and North America.

In 2014, 1,743 participants from the ASEAN Member States (AMS), Australia, New Zealand, India, and Timor-Leste will be invited to Japan under the thematic area of "Social Community".

2. Objectives

The objectives of JENESYS^{2.0} are as below;

- (1) To promote interest in Japan among youths in Asian and Oceanian countries, by showing Japan's strength and its attractions, so called "Cool Japan"
- (2) To raise awareness and understanding among youths in Asian and Oceanian countries about Japanese sense of values and "Japan Brand"
- (3) To lay a foundation for the future bond among the youths of Asian and Oceanian countries, along with mutual understanding and friendship
- (4) To revitalize Japanese local area by internationalization as well as nurture of youths as global human resources

3. Outlines of Programme

Programme Theme: Social Community

Social Community Programme focuses on introducing Japan's advanced methods for social community development and exchange with people involved in the related activities. It will provide

an opportunity to learn about the project structures, methods to nurture human resources, collaboration between various entities and radical approaches in practice by visiting project sites and exchanging views with municipal governments, local residents and Non-Profit Organizations. In adherence with the purpose of the JENESYS^{2.0} programme, observation tours to get an insight into Japanese cultural and tourist resources will also be included.

Course Theme: Disaster Prevention

This course introduces Japan's measures, approaches, technique, etc. towards disaster prevention as people of Japan have high awareness on disaster prevention after experiencing severe disasters.

Participants will visit disaster prevention facility and life safety learning centre to experience simulated earthquake, typhoon, fire, etc., and will have chance to visit university and/or NPO which introduce disaster measure in order to learn about disaster prevention. Furthermore participants will learn/experience Japanese traditional and pop culture through cultural exchange programme at Japanese university and homestay.

The participants are expected to find their own concept of "Cool Japan" by deepening understanding about Japan's approach on disaster prevention, culture, people, etc., and expected to impart their learning when returning home.
