Acceptance and Visa Procedures	After being accepted by CAU, students are responsible for obtaining their own visas. Students must contact and visit the Korean embassy or consulate in their				
	home countries in order to apply for visa. Please keep in mind that students will need to prepare the necessary documents – visa application form, passport, etc. – for themselves beforehand.				
	* For students from the following 26 countries, you may be requested by the consulate to prepare additional documents regarding your financial situation:				
	Bangladesh, Cameroon, China, Egypt, Ethiopia, Ghana, Guinea, Kazakhstan, Kyrgyzstan, India, Indonesia, Iran, Mali, Mongolia, Myanmar, Nepal, Nigeria, Pakistan, Peru, Philippines, Sri Lanka, Thailand, Ukraine, Uganda, Uzbekistan, Vietnam				
About Student Visa (D-2)	1. All students should arrive to Korea with a single-entry Student Visa (D-2) that has a period of three months. Students must obtain their Student Visa (D-2) at least one month before the semester begins. Without a proper Student Visa (D-2), students cannot study at CAU.				
	2. Please do not use your Student Visa (D-2) to travel to Korea before the semester starts and go back to your home country (or to a third country), since the Student Visa (D-2) is for single-entry. If you want to come earlier and travel with your Student Visa (D-2), you cannot leave Korea until you create your RC(Registration Card).				
	3. You should come to CAU using a Student Visa, not a Tourist Visa. You cannot change your Tourist Visa to a Student Visa (D-2) in Korea. 4. After arrival, students must create a RC(Registration Card). The RC is a legal				
	permit, which allows students to live in Korea for their entire study period, as well as exit and enter the country freely. Students wishing to leave the country after arrival				
	must book their RC appointment at the Immigration Office in advance of leaving the country so that they can gain re-entry permission. For your reference, the RC is				
	created after the semester begins. 5. Students should leave Korea within 30 days of the semester-end date.				
Arrival Date	Arrival dates may be subject to change due to the COVID-19 and dorm policies.				
	Students who arrive earlier than the official move-in date of the on-campus dormitory will need to arrange their own accommodations until they can move-in. We will inform you of the exact move-in dates after you are accepted, via notices and emails.				
Dormitory Application	All students who wish to live in the dormitory should apply through the online application page. We will send a link for the dormitory application to all students. The				
	online application link will be sent in the middle of June. It is a first come, first serve basis. Make sure that you do not miss the application period and time since the dormitory application is very competitive.				
	If a student wants to cancel their application for the dormitory, they need to give a notice at least three weeks before the beginning of the semester by emailing				
	inbound@cau.ac.kr. If a student cancels their dormitory application after this time period, they may still need to the pay the dormitory fee (depending on the dormitory's refund policy).				
	A TB (tuberculosis) Test result in English, taken within 2 weeks before a student's move-in date to the dormitory is also required. The test should include your name,				
	hospital/clinic name, date of the test, and test results in English (if this is not possible, an English translation should be provided). The test can be conducted in the form of a skin test, blood test, or X-ray. Please bring the original test result to your dormitory move-in.				
Off-Campus Housing	If a student wishes to live off-campus, they are required to find and obtain an accommodation themselves before coming to Korea. It is the sole responsibility of the student to communicate with the landlord. For your reference, we provide some off-campus housing information as below:				
	Company Name Link				
	Ziptoss (집토스) https://ziptoss.com/en (Korean) https://ziptoss.com/en (English) https://ziptoss.com/zh (Chinese)				
	Nestpick (네스트픽) <u>https://www.nestpick.com/seoul/</u> (English) * CAU is not affiliated with the above companies, and we do not guarantee anything about those residences.
