

# INSTITUT TEKNOLOGI BANDUNG

## About ITB

Dating back to 1920 and first established as *De Technische Hoogeschool te Bandung* (TH) during the Dutch Colonial period, Institut Teknologi Bandung (ITB) is the oldest technical university in Indonesia. During the Japanese occupation in 1944-1945, TH changed its name to *Bandung Kogyo Daigaku*. On July 3, 2020, ITB celebrated its 100<sup>th</sup> anniversary, having graduated about 120,000 alumni with significant roles in developing the country. Today, ITB houses 12 Faculties and Schools and a Graduate School, encompassing 130 study programs. To support research activities, ITB has 111 research groups, with centers and research centers as well as centers of excellence in science and technology.

## Faculties and Schools

Faculty of Art and Design  
Faculty of Civil and Environmental Engineering  
Faculty of Earth Sciences and Technology  
Faculty of Industrial Technology  
Faculty of Mathematics and Natural Sciences  
Faculty of Mechanical and Aerospace Engineering  
Faculty of Mining and Petroleum Engineering  
School of Architecture, Planning, and Policy Development  
School of Business and Management  
School of Electrical Engineering and Informatics  
School of Life Sciences and Technology  
School of Pharmacy  
  
Graduate School

## International Study Programs

### *International Undergraduate Programs*

ITB offers 21 international undergraduate programs, divided into 2 categories:

- **International Classes**, encompassing programs taught in English:
  1. Pharmaceutical Science and Technology (School of Pharmacy)
  2. Clinical and Community Pharmacy (School of Pharmacy)
  3. Chemical Engineering (Faculty of Industrial Technology)
  4. Environmental Engineering (Faculty of Civil and Environmental Engineering)
  5. Mechanical Engineering (Faculty of Mechanical and Aerospace Engineering)
  6. Aerospace Engineering (Faculty of Mechanical and Aerospace Engineering)
  7. Management (School of Business & Management)
  8. Entrepreneurship (School of Business & Management)

At least one semester study abroad is required, such as student exchange and double degree. For Outbound Semester Exchange, please consult: <http://bit.ly/ITB-SEA>. Opportunities for double degree are currently available only for Chemical Engineering, Mechanical Engineering, Aerospace Engineering, Management, and Entrepreneurship – for other programs, double degree arrangements are in progress.

- For School of Pharmacy: <https://fa.itb.ac.id/en/international-class-program-school-of-pharmacy-itb/>
- For Chemical Engineering: <https://www.che.itb.ac.id/en/internasional-class/>
- For Environmental Engineering: <https://ftsl.itb.ac.id/program-studi/environmental-engineering-international-class/>
- For Faculty of Mechanical and Aerospace Engineering: <https://ftmd.itb.ac.id/en/international-program/>
- For Management: <https://www.sbm.itb.ac.id/academic-programs/bachelor-of-management/international-business/>
- For Entrepreneurship: <https://www.sbm.itb.ac.id/academic-programs/bachelor-of-entrepreneurship/international/>

- **International Tracks**, are programs for students who can opt to join relevant regular programs (mostly taught in Indonesian) or international classes (taught in English). There are currently 13 undergraduate programs that offer international tracks.

## FACT SHEET for (Prospective) International Partners and Students

Updated: January 2023

Admission to international undergraduate programs can be found here (including information on application, tuition, etc.): <https://admission.itb.ac.id/home/international/undergraduate>.

### **International Graduate Programs**

ITB offers up to 83 international graduate programs, which are programs that accept international students. These programs are taught in either English or Indonesian. Some programs are by default taught in Indonesian yet can be flexibly switched to English when international students are present. All Faculties and Schools have international graduate programs, both at the master's and doctoral levels, including programs organized in the Graduate School (Master in Nanotechnology, Doctor in Nanotechnology and Science).

Admission to international graduate programs can be found here (including information on application, tuition, etc.): <https://admission.itb.ac.id/home/international/graduate>.

### **Partnerships with International Study Programs**

Partners and prospective partners who wish to develop arrangements on student exchange (at the university-level or at the faculty/school-level) and double degree (with specific international study programs at ITB) can contact Andika Putra Pratama, Ph.D. (Head of Division, International Relations; [andikapp@itb.ac.id](mailto:andikapp@itb.ac.id)).

## **Inbound Semester Exchange**

---

International students, especially from partner universities of ITB (including universities that are parts of the ASEA-UNINET, AUN-ACTS, AIMS Program, and GE3 Network, are welcome to study at ITB for 1 to 2 semesters as exchange students. To apply, except for GE3, students must be nominated by the International Office of home university to ITB's International Relations Office ([iro@itb.ac.id](mailto:iro@itb.ac.id)) by **March 31** or **October 15** for each academic year. Once nominated, students will later be done via the following website: <https://admission.itb.ac.id/exchange/> (including information about the list of courses).

## **International Scholarship or Fellowship Programs**

---

### **Ganesha Talent Assistantships (GTA)**

Prospective doctoral students can apply for the Ganesha Talent Assistantship program, a fellowship program by ITB. More information can be found here: <https://sagata.itb.ac.id>.

### **KNB (Kemitraan Negara Berkembang) Scholarships**

ITB is one of a few universities in Indonesia that hosts students coming from developing countries that receive the Indonesian scholarship under the KNB scholarship program. More information can be found here: <http://knb.kemdikbud.go.id>.

## **Facilities and International Student Activities**

---

International students generally have access to all facilities that all students of ITB can access. Accommodation in ITB's owned dormitories for international is available but limited (Price: IDR 400,000 / month for shared rooms and IDR 900,000 / month for single rooms). Off-campus accommodation is also available (please contact [iro@itb.ac.id](mailto:iro@itb.ac.id) for the list) – the price is typically between IDR 2-3 million / month (room size around 12-15 m<sup>2</sup>, facilities vary, around 3-10 minute by public transportation or 10-30-minute walk).

Campus healthcare unit (including covid-19 hotline) and sports unit (e.g. gym, pool, running track) is also available for international students. Once on campus, ITB can typically arrange a free Indonesian language course and a cultural trip. Indonesian buddies for international students are also set up. In addition, other activities such as company visits, lab visits (within ITB), and community services can also be arranged.

### **Contact Information (NOT for admission to international study programs or GTA program)**

## University Rankings and Accreditations

### QS World University Rankings

# 235	<b>World, 2023 (# 2 in Indonesia)</b>
# 378	<b>Arts and Humanities, 2022 (# 3 in Indonesia)</b>
	#101-150 Architecture & Built Environment, 2022 (#1 in Indonesia)
	#101-150 Art & Design, 2022 (#1 in Indonesia)
# 179	<b>Engineering and Technology, 2022 (# 1 in Indonesia)</b>
	#51-100 Engineering – Petroleum, 2022 (#1 in Indonesia)
	#51-100 Engineering – Civil & Structural, 2022 (#1 in Indonesia)
	#201-250 Engineering – Mechanical, 2022 (#1 in Indonesia)
	#201-250 Engineering – Electrical and Electronic, 2022 (#1 in Indonesia)
	#201-250 Engineering – Chemical, 2022 (#1 in Indonesia)
	#251-300 Computer Science and Information Systems, 2022 (#2 in Indonesia)
# 238	<b>Social Sciences &amp; Management, 2022 (# 4 in Indonesia)</b>
	#251-300 Business & Management Studies, 2022 (#3 in Indonesia)
#	<b>Life Sciences &amp; Medicine, 2022</b>
	#301-350 Agriculture & Forestry, 2022 (#3 in Indonesia)
# 372	<b>Natural Sciences, 2022 (# 1 in Indonesia)</b>
	#351-400 Materials Sciences, 2022 (#1 in Indonesia)
	#401-450 Mathematics, 2022 (#1 in Indonesia)
	#451-500 Physics & Astronomy, 2022 (#1 in Indonesia)

ITB programs have been nationally and internationally accredited, including by ABET, ASIIN, KAAB, RSC, and AACSB.

## Other Facts About ITB, Bandung, and Indonesia

- Two former presidents of Indonesia were alumni of ITB (President Soekarno, the first president, and President B.J. Habibie).
- ITB currently has 3 main campuses, in Bandung as the main campus (Ganesha Campus), in Sumedang (Jatinangor Campus), and in Cirebon (Cirebon Campus). All campuses are located in the West Java Province. Ranked #1 Student City in Indonesia based on QS Rankings 2023, the city of Bandung is part of the UNESCO Creative Cities Network and home of the Asia-Africa Conferences (1955, 2005, 2015). It is located at 768 meters above sea level, surrounded by mountains in the north and in the south. Cirebon borders with the Central Java Province and is located by the sea in the north of Java. One satellite campus of ITB is located in Jakarta, hosting several MBA Program tracks.
- In terms of Sustainable Development Goals, ITB is focused on achieving 7 SDGs. More information can be found here: <https://sdgsc.itb.ac.id>.
- ITB has 26 Centers, 7 Research Centers, and 6 Centers of Excellence in Science and Technology. More information can be found here: <https://www.itb.ac.id/centers>.
- ITB houses the Bosscha Observatory, the oldest observatory in Indonesia, organized under the Faculty of Mathematics and Natural Sciences. More information can be found here: <https://www.itb.ac.id/bosscha-observatorium>.
- Indonesia has more than 17,000 islands.
